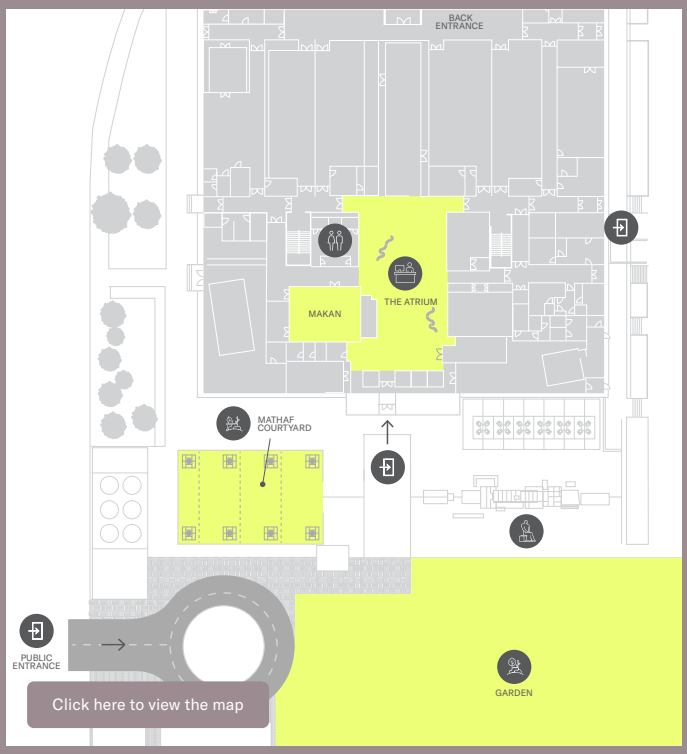
MATHAF: ARAB MUSEUM OF MODERN ART

Mathaf Courtyard



Founded in 2010, Mathaf holds the world's most extensive collection of modern and contemporary art from the Arab world, charting the development of artistic practice across the region from the mid-19th century to the present. Located in a converted former school building in Education City, the museum offers a unique perspective on Arab modernity and creativity.

Mathaf presents its permanent collection alongside major temporary exhibitions, complemented by research-led programmes, talks and publications that deepen engagement with artists and movements from across the region and beyond. It lends itself to events that value dialogue and cultural context, from exhibition openings and lectures to private receptions and curated gatherings.
